WEBSITE REDESIGN PROPOSAL

B & B PLUMBING & HEATING. A WEBSITE THAT BOOKS THE JOB.

PREPARED FOR	PREPARED BY	LIVE PREVIEW
B & B Plumbing & Heating, Inc.	Operator	3 working versions

01 SUMMARY

SUMMARY.

B & B has served Sioux Center for decades as a family company with a showroom, a new-construction department and dealer credentials. The current website undersells that: it still says over 40 years, shows lorem ipsum on the home page, and its pay buttons go nowhere.

We have already designed three working versions of a new bbplumb.com, built from B & B's own content. Each one turns visitors into service calls, estimates and showroom visits, makes B & B easy for Google and AI assistants to recommend, and works on a phone as well as on a computer. You choose the direction that fits, and we take it to launch.

PREPARED FOR B & B Plumbing & Heating, Inc., Sioux Center, IA

02 WHERE TODAY'S SITE FALLS SHORT

WHERE TODAY'S SITE FALLS SHORT.

The current site has the right basics, but it loses customers before they call. We reviewed every page. These are the issues that matter most.

ISSUE	WHAT IT COSTS B & B
Lorem ipsum on the home page, template footer links and 'Explore more' links that go nowhere.	The site looks unfinished to every customer who scrolls.
'Pay your bill' buttons on most pages link to nothing.	Customers trying to pay you hit a dead end.
The headline promises 'any emergency, any time' but hours are weekdays with a lunch break.	A broken promise on the first screen costs trust.
The site says 'over 40 years' and never tells the family story.	Your biggest advantage, decades in Sioux Center, is invisible.
No FAQ, map or structured data, and some files load from a staging server.	Google and AI assistants can't read what B & B does or where, so they recommend someone else.

03 THREE DIRECTIONS TO CHOOSE FROM

THREE DIRECTIONS TO CHOOSE FROM.

Each version presents B & B as a different kind of business, modeled on the best plumbing and heating websites in that part of the trade. All three use B & B's real services, history and contact details, and every one works on a phone. View them side by side here: B & B website preview.

VERSION	LEADS WITH	BEST IF B & B WANTS TO GROW	KEY FEATURE
1. Fifty Years	Sioux Center's family plumbing and heating company, reaching fifty years	Repair, replacement and hiring	A 1976 to 2026 timeline scrubber with a careers band
2. Comfort Showroom	Every room, one local showroom	Fireplace, HVAC and water treatment sales	A tappable cutaway house and a utility rebate helper
3. Built Here	Northwest Iowa's partner for new homes	New construction and larger projects	A new home systems planner that builds a printable sheet

You can also mix them. For example, the Built Here planner can become the new-construction page of the Fifty Years site.

04 WHY THE NEW SITE WORKS BETTER

WHY THE NEW SITE WORKS BETTER.

Every change answers a problem on the current site, and all of it comes with whichever version B & B picks.

A Found and recommended by Google and AI assistants

More customers now ask an AI assistant, or read Google's AI answer, before they call anyone: "Who installs Kozy Heat fireplaces near Sioux Center?" Those tools recommend businesses whose facts they can read and check. The new site is built to be read.

TODAY	NEW SITE	WHAT IT MEANS FOR B & B
Search tools read 'over 40 years', lorem ipsum and misspelled brands.	Services, brands, hours and location in the structured format search engines and AI tools read.	Google and AI assistants get B & B's facts directly and accurately.

TODAY	NEW SITE	WHAT IT MEANS FOR B & B
No FAQ anywhere on the site.	Plain-English answers to the questions customers ask, from rebates to mini-splits to new builds.	When someone asks, B & B has a clear answer ready to be quoted.
Dealer status and rebate help are a line of text.	They lead their own sections and are built into the site's structure.	What sets B & B apart is what gets surfaced.

No one can promise a ranking or a mention in an AI answer. What we can do is make B & B the easiest local plumbing and heating contractor for search engines and AI tools to read, verify and recommend.

B Easier for customers, and for the office

TODAY	NEW SITE	WHAT IT MEANS FOR B & B
A contact form hidden in a third-party widget.	A short request on every version: the job, the town, then name and phone. Each version adapts it to service, showroom visits or new builds.	Every web lead arrives with what the office needs to call back.
Visitors have to know which page their problem belongs on.	Each version starts from the customer's situation: a repair, a room to upgrade, or a house to build.	Customers reach the right service in a tap.
Six testimonials on their own page.	Testimonials placed where they help, with a Google review link.	More reviews over time, where homeowners look before they call.

C Built to a high standard

- **Phone first.** Designed for the phone, then the computer, with call and request always within reach of a thumb.
- **Fast and accessible.** Lightweight pages that load quickly on a weak cell signal, with clear headings and labeled forms that work for every customer and every search tool.
- **Made to last.** Clean, standard code that can grow with B & B: new services, town pages or seasonal offers.

WHY OPERATOR.

Most small-business sites are page-builder templates that an agency sets up and leaves. They look dated within a few years, load slowly on phones, and were never built for AI search. Every Operator site is designed and coded for one business. You also see the work before you commit: three working versions already exist.

WHAT YOU GET	TYPICAL AGENCY TEMPLATE SITE	OPERATOR
Design	A template shared with other businesses	Designed for B & B alone
Build	A CMS page builder stacked with plugins	Custom code, nothing extra to load
Speed	Heavy scripts that drag on a phone	Fast on a weak cell signal
AI search	Not considered	Built in from day one
Local SEO	Generic page structure	Structured for local search and every service
Phones	A desktop layout squeezed down	Designed for the phone first
Upkeep	Plugin updates and security patches	No plugins to patch

- **Custom design.** Built from B & B's trade, customers and history, with one consistent brand, look and voice on every page.
- **Custom code.** Hand-built, lightweight pages with no page builder and nothing slowing them down.
- **Optimized for AI and AI search.** Structured facts and quotable answers that Google and AI assistants can read, check and recommend.
- **Better SEO and information architecture.** Organized around the customer's problem, with real headings and service content laid out the way search engines read local businesses.
- **Modern UI for 2027 and beyond.** A phone-first interface with the polish customers expect from the apps they use every day.

Waiting has a cost too. Every day the current site shows lorem ipsum and dead pay buttons to anyone who finds it. The new site fixes that from launch day.

WHAT'S INCLUDED.

- The finished site in the direction B & B picks, with your edits and any features you want to borrow from the other two.
- Service and estimate forms that send the customer's name, phone and details to your office.
- Every page built for phones first, with the phone number one tap away.
- Search and AI-assistant setup, so Google and AI tools can read B & B's services, brands and answers.
- Clean-up of today's issues: lorem ipsum, template links, dead pay buttons, staging files and misspelled brands.
- Careers, bill pay, rebate help and a testimonials section linked to Google.
- Launch on your existing domain, bbplumb.com.
- First 2 months of support after launch, included: bug fixes, launch help and small corrections.

HOW IT WORKS.

Because the design is already done, B & B goes straight to choosing and refining.

TIMELINE	About 4 weeks from approval, once we have your content and access

01	**Choose a direction.** B & B picks one of the three versions, or a mix.
02	**Fill in the details.** We confirm your founding story and family names, the towns you serve, whether you offer after-hours emergency service, your Google rating, and which job photos are yours with you.
03	**Refine.** We adjust wording, colors and features until it feels like B & B.
04	**Connect.** Forms go to your office, and your Google listing is linked.
05	**Launch.** The new site goes live on your domain, checked page by page on phone and desktop.
06	**Support.** The first two months after launch are included. After that, choose Operator Care at $250 a month, or a full handoff of the site, code and domain.

INVESTMENT.

Most customers look at a contractor's website before they call. The new B & B site is designed to make that look easy: clear services, real proof and a simple way to reach you. One fixed price, no long contract, and you own everything.

ITEM	PRICE
Website design, build and launch (one time). About 8 pages: home, plumbing, heating and cooling, water treatment, fireplaces and showroom, new construction, careers and pay a bill, and contact.	$4,500
Launch offer: 10% off, for our first clients only	−$450
Your price	**$4,050**
Support for the first two months after launch (Launch offer)	Included

+ After the first two months: optional Operator Care, or handoff

Care is optional and month to month. If you would rather run the site yourself, we hand over the site, its code and your domain after the first two months. Either way they stay in your name, and hosting and domain are billed at cost in your own accounts.

PLAN	WHAT IT COVERS	MONTHLY
Operator Care	Hosting management, form and uptime checks, fixes and small text updates. No unlimited changes; larger work is quoted first.	$250

If you keep care after the first two months, year one totals $6,550: $4,050 for the site plus $2,500 for ten months of care, with hosting and domain at cost on top. New pages and larger changes are quoted separately.

PAYMENT TERMS	$2,025 to start, $2,025 before launch
VALID UNTIL	November 30, 2026

NEXT STEPS.

01 Click through the three versions and tell us which one feels most like B & B.

02 Approve this proposal by replying to the email it came with, or by signing below.

03 Send us your family history in a few lines, the towns you serve, your after-hours policy, and photos of the crew, trucks, showroom and finished jobs.

We'll start refining the version you choose as soon as we hear back.
