WEBSITE REDESIGN PROPOSAL

H. JACK'S PLUMBING & HEATING. A WEBSITE THAT BOOKS THE JOB.

PREPARED FOR	PREPARED BY	LIVE PREVIEW
H. Jack's Plumbing & Heating Co.	Operator	3 working versions

01 SUMMARY

SUMMARY.

H. Jack's is a family-owned plumbing, heating and remodeling company that started in Erie and now runs five shops in Ohio, Pennsylvania and New York, with 24/7/365 emergency service and a 2024 Pillar Award. The current website hides its addresses in a job posting, shows coupons with no terms, and has an empty News page.

We have already designed three working versions of a new hjacks.com, built from H. Jack's's own content. Each one turns visitors into service calls, drain and sewer jobs, installs and remodels, makes H. Jack's easy for Google and AI assistants to recommend, and works on a phone as well as on a computer. You choose the direction that fits, and we take it to launch.

PREPARED FOR H. Jack's Plumbing & Heating Co., Wickliffe, OH

02 WHERE TODAY'S SITE FALLS SHORT

WHERE TODAY'S SITE FALLS SHORT.

The current site has the right basics, but it loses customers before they call. We reviewed every page. These are the issues that matter most.

ISSUE	WHAT IT COSTS H. JACK'S
Your five addresses appear only inside a job posting, with no map or location pages.	Customers can't tell if you have a shop near them.
The Erie and Wickliffe numbers on your Bryant listings differ from your site.	Customers may call a number you don't expect, or doubt which one is right.
Twenty coupons with no terms or expiry, and a dollar versus percent mix-up.	Customers can't tell if the deals are real or still good.
The News page is empty and hasn't changed since 2023.	An empty page makes an active company look quiet.
No FAQ, structured data or image descriptions, and reviews with no dates or source.	Google and AI assistants can't read what H. Jack's does or where, so they recommend someone else.

03 THREE DIRECTIONS TO CHOOSE FROM

THREE DIRECTIONS TO CHOOSE FROM.

Each version presents H. Jack's as a different kind of business, modeled on the best plumbing, heating and remodeling websites in that part of the trade. All three use H. Jack's's real services, history and contact details, and every one works on a phone. View them side by side here: H. Jack's website preview.

VERSION	LEADS WITH	BEST IF H. JACK'S WANTS TO GROW	KEY FEATURE
1. State Line	Three states, one family, every day of the year	Service calls in every state you cover	A three-state switch that sets the phone, shops and reviews
2. Home Team	Your home team for plumbing and heating	Trust-led calls and job applications	A stadium scoreboard that flips to each community program
3. Camera Down	See the problem, then fix it right	Drain, sewer and emergency calls	A sewer camera monitor that shows what's in the line

You can also mix them. For example, the Camera Down sewer view can sit on the drain page of the State Line site.

04 WHY THE NEW SITE WORKS BETTER

WHY THE NEW SITE WORKS BETTER.

Every change answers a problem on the current site, and all of it comes with whichever version H. Jack's picks.

A Found and recommended by Google and AI assistants

More customers now ask an AI assistant, or read Google's AI answer, before they call anyone: "Who does sewer camera inspections near Cleveland, Ohio?" Those tools recommend businesses whose facts they can read and check. The new site is built to be read.

TODAY	NEW SITE	WHAT IT MEANS FOR H. JACK'S
Search tools find three phone numbers but no shop addresses.	One consistent set of facts: services, shops, states and 24/7 hours in the structured format search engines and AI tools read.	Google and AI assistants get H. Jack's facts directly and accurately.

TODAY	NEW SITE	WHAT IT MEANS FOR H. JACK'S
No FAQ anywhere on the site.	Plain-English answers to the questions customers ask, from sewer lines to financing to which number to call.	When someone asks, H. Jack's has a clear answer ready to be quoted.
Your Pillar Award and HGTV feature are small badges.	They lead their own sections and are built into the site's structure.	What sets H. Jack's apart is what gets surfaced.

No one can promise a ranking or a mention in an AI answer. What we can do is make H. Jack's the easiest local plumbing, heating and remodeling company for search engines and AI tools to read, verify and recommend.

B Easier for customers, and for the office

TODAY	NEW SITE	WHAT IT MEANS FOR H. JACK'S
The same contact form on every page, including Careers.	A short request on every version: the problem, the ZIP, then name and phone. Each version adapts it to a state, a community-minded homeowner or a backed-up drain, with a separate job form.	Every web lead arrives with what the office needs to call back.
Visitors have to work out which state's number to call.	Each version starts from the customer's situation: their state, the company's reputation, or what's wrong with the line.	Customers reach the right service and number in a tap.
49 reviews on their own page with no dates or source.	Reviews placed where they help, matched to towns, with a Google review link.	More reviews over time, where homeowners look before they call.

C Built to a high standard

- **Phone first.** Designed for the phone, then the computer, with call and request always within reach of a thumb.
- **Fast and accessible.** Lightweight pages that load quickly on a weak cell signal, with clear headings and labeled forms that work for every customer and every search tool.
- **Made to last.** Clean, standard code that can grow with H. Jack's: new services, town pages or seasonal offers.

WHY OPERATOR.

Most small-business sites are page-builder templates that an agency sets up and leaves. They look dated within a few years, load slowly on phones, and were never built for AI search. Every Operator site is designed and coded for one business. You also see the work before you commit: three working versions already exist.

WHAT YOU GET	TYPICAL AGENCY TEMPLATE SITE	OPERATOR
Design	A template shared with other businesses	Designed for H. Jack's alone
Build	A CMS page builder stacked with plugins	Custom code, nothing extra to load
Speed	Heavy scripts that drag on a phone	Fast on a weak cell signal
AI search	Not considered	Built in from day one
Local SEO	Generic page structure	Structured for local search and every service
Phones	A desktop layout squeezed down	Designed for the phone first
Upkeep	Plugin updates and security patches	No plugins to patch

- **Custom design.** Built from H. Jack's's trade, customers and history, with one consistent brand, look and voice on every page.
- **Custom code.** Hand-built, lightweight pages with no page builder and nothing slowing them down.
- **Optimized for AI and AI search.** Structured facts and quotable answers that Google and AI assistants can read, check and recommend.
- **Better SEO and information architecture.** Organized around the customer's problem, with real headings and service content laid out the way search engines read local businesses.
- **Modern UI for 2027 and beyond.** A phone-first interface with the polish customers expect from the apps they use every day.

Waiting has a cost too. Every day the current site hides five shops and shows coupons nobody can date. The new site fixes that from launch day.

WHAT'S INCLUDED.

- The finished site in the direction H. Jack's picks, with your edits and any features you want to borrow from the other two.
- Service request forms that send the customer's name, phone, ZIP, state and problem to your office, and a separate careers form.
- Every page built for phones first, with the right state's number one tap away.
- Search and AI-assistant setup, so Google and AI tools can read H. Jack's services, shops, states and answers.
- Clean-up of today's issues: hidden addresses, mismatched numbers, undated coupons, the empty News page and missing image descriptions.
- Shop, community, financing, remodeling and careers sections.
- Launch on your existing domain, hjacks.com.
- First 2 months of support after launch, included: bug fixes, launch help and small corrections.

HOW IT WORKS.

Because the design is already done, H. Jack's goes straight to choosing and refining.

TIMELINE	About 5 to 6 weeks from approval, once we have your content and access

01	**Choose a direction.** H. Jack's picks one of the three versions, or a mix.
02	**Fill in the details.** We confirm your founding year, which phone numbers to publish in each state, an email address, your license numbers and Master Plumber, office hours, coupon terms and expiry dates, and your BBB and Google ratings with you.
03	**Refine.** We adjust wording, colors and features until it feels like H. Jack's.
04	**Connect.** Forms go to your office, and your Google listing is linked.
05	**Launch.** The new site goes live on your domain, checked page by page on phone and desktop.
06	**Support.** The first two months after launch are included. After that, choose Operator Care at $250 a month, or a full handoff of the site, code and domain.

INVESTMENT.

Most customers look at a contractor’s website before they call. The new H. Jack's site is designed to make that look easy: clear services, real proof and a simple way to reach you. One fixed price, no long contract, and you own everything.

ITEM	PRICE
Website design, build and launch (one time). About 12 pages: home, drains and sewer, plumbing, heating and cooling, remodeling, basement waterproofing, five shop pages across three states, community, careers, and contact.	$6,000
Launch offer: 10% off, for our first clients only	–$600
Your price	**$5,400**
Support for the first two months after launch (Launch offer)	Included

+ After the first two months: optional Operator Care, or handoff

Care is optional and month to month. If you would rather run the site yourself, we hand over the site, its code and your domain after the first two months. Either way they stay in your name, and hosting and domain are billed at cost in your own accounts.

PLAN	WHAT IT COVERS	MONTHLY
Operator Care	Hosting management, form and uptime checks, fixes and small text updates. No unlimited changes; larger work is quoted first.	$250

If you keep care after the first two months, year one totals $7,900: $5,400 for the site plus $2,500 for ten months of care, with hosting and domain at cost on top. New pages and larger changes are quoted separately.

PAYMENT TERMS	$2,700 to start, $2,700 before launch
VALID UNTIL	November 30, 2026

NEXT STEPS.

01	Click through the three versions and tell us which one feels most like H. Jack's.
02	Approve this proposal by replying to the email it came with, or by signing below.
03	Send us an email address, the phone numbers you want on the site, your license numbers, current coupon terms, and photos of the crew, trucks, shops and jobs, plus stills from HGTV or your YouTube videos.

We'll start refining the version you choose as soon as we hear back.
