WEBSITE REDESIGN PROPOSAL

REEVES PLUMBING & HEATING. A WEBSITE THAT BOOKS THE JOB.

PREPARED FOR	PREPARED BY	LIVE PREVIEW
Reeves Plumbing & Heating	Operator	3 working versions

01 SUMMARY

SUMMARY.

Reeves serves homes and businesses from Erie to Cleveland and Youngstown, with four offices, six licenses, a phone answered 24/7 and its own HVAC brand with a 10-year warranty. The current website gives conflicting founding years, swaps two office phones and makes estimate requests hard.

We have already designed three working versions of a new reevesplumbing.com, built from Reeves's own content. Each one turns visitors into service calls, replacement estimates and new hires, makes Reeves easy for Google and AI assistants to recommend, and works on a phone as well as on a computer. You choose the direction that fits, and we take it to launch.

PREPARED FOR Reeves Plumbing & Heating, Erie, PA

02 WHERE TODAY'S SITE FALLS SHORT

WHERE TODAY'S SITE FALLS SHORT.

The current site has the right basics, but it loses customers before they call. We reviewed every page. These are the issues that matter most.

ISSUE	WHAT IT COSTS REEVES
The site and outside listings give different founding years.	Customers and search engines can't tell which is true.
The About page swaps the Eastlake and Brook Park phone numbers.	Ohio callers can reach the wrong office.
The estimate form requires a photo, square footage and year built for every job.	Homeowners give up before they send the request.
Ten-year and one-year warranties appear with no clear scope.	Customers can't tell what their job is covered for.
No FAQ, structured data, image descriptions or service-area list, and no office hours.	Google and AI assistants can't read what Reeves does or where, so they recommend someone else.

03 THREE DIRECTIONS TO CHOOSE FROM

THREE DIRECTIONS TO CHOOSE FROM.

Each version presents Reeves as a different kind of business, modeled on the best plumbing, heating and cooling websites in that part of the trade. All three use Reeves's real services, history and contact details, and every one works on a phone. View them side by side here: Reeves website preview.

VERSION	LEADS WITH	BEST IF REEVES WANTS TO GROW	KEY FEATURE
1. Service	Phone answered 24/7, four offices, two states	Service calls and drain jobs in both states	A multi-step service booking that routes to the right office, with a review step
2. Replacement	New furnace or AC, ten years parts and labor	Furnace, AC and water heater replacements	A replacement estimate request with optional photo, financing interest and review step
3. Family	Family owned in Erie, grown to two states	Trust-led service calls and new hires	A service-area checker that finds your office and starts a request

You can also mix them. For example, the Replacement warranty and financing section can sit inside the Service site.

04 WHY THE NEW SITE WORKS BETTER

WHY THE NEW SITE WORKS BETTER.

Every change answers a problem on the current site, and all of it comes with whichever version Reeves picks.

A Found and recommended by Google and AI assistants

More customers now ask an AI assistant, or read Google's AI answer, before they call anyone: "Who does trenchless sewer lining near Erie, PA?" Those tools recommend businesses whose facts they can read and check. The new site is built to be read.

TODAY	NEW SITE	WHAT IT MEANS FOR REEVES
Search tools find a slider, coupons and little structure.	One consistent set of facts: services, offices, licenses and phones in the structured format search engines and AI tools read.	Google and AI assistants get Reeves's facts directly and accurately.
No FAQ anywhere on the site.	Plain-English answers on emergencies, warranty, financing, sewer lining and water heaters.	When someone asks, Reeves has a clear answer ready to be quoted.
Trenchless sewer lining and the Reeves HVAC brand are buried in service pages.	They get their own sections and are built into the site's structure.	What sets Reeves apart is what gets surfaced.

No one can promise a ranking or a mention in an AI answer. What we can do is make Reeves the easiest local plumbing, heating and cooling company for search engines and AI tools to read, verify and recommend.

B Easier for customers, and for the office

TODAY	NEW SITE	WHAT IT MEANS FOR REEVES
A long schedule form with a required country field.	A short request on every version: the job, the office, a time window, then name and phone, with a review step.	Every web lead arrives at the right office with what it needs to call back.
Visitors have to work out which of four offices to call.	Each version routes by problem, by replacement or by town to the right office and number.	Customers reach the right office in a tap.
Four testimonials with no names or dates beyond an initial.	Testimonials placed where they help, with a link to your review profile once confirmed.	More reviews over time, where homeowners look before they call.

C Built to a high standard

- **Phone first.** Designed for the phone, then the computer, with call and request always within reach of a thumb.
- **Fast and accessible.** Lightweight pages that load quickly on a weak cell signal, with clear headings and labeled forms that work for every customer and every search tool.
- **Made to last.** Clean, standard code that can grow with Reeves: new services, town pages or seasonal offers.

WHY OPERATOR.

Most small-business sites are page-builder templates that an agency sets up and leaves. They look dated within a few years, load slowly on phones, and were never built for AI search. Every Operator site is designed and coded for one business. You also see the work before you commit: three working versions already exist.

WHAT YOU GET	TYPICAL AGENCY TEMPLATE SITE	OPERATOR
Design	A template shared with other businesses	Designed for Reeves alone
Build	A CMS page builder stacked with plugins	Custom code, nothing extra to load
Speed	Heavy scripts that drag on a phone	Fast on a weak cell signal
AI search	Not considered	Built in from day one
Local SEO	Generic page structure	Structured for local search and every service
Phones	A desktop layout squeezed down	Designed for the phone first
Upkeep	Plugin updates and security patches	No plugins to patch

- **Custom design.** Built from Reeves's trade, customers and history, with one consistent brand, look and voice on every page.
- **Custom code.** Hand-built, lightweight pages with no page builder and nothing slowing them down.
- **Optimized for AI and AI search.** Structured facts and quotable answers that Google and AI assistants can read, check and recommend.
- **Better SEO and information architecture.** Organized around the customer's problem, with real headings and service content laid out the way search engines read local businesses.
- **Modern UI for 2027 and beyond.** A phone-first interface with the polish customers expect from the apps they use every day.

Waiting has a cost too. Every day the current site shows conflicting dates, swapped phone numbers and an estimate form people abandon. The new site fixes that from launch day.

WHAT'S INCLUDED.

- The finished site in the direction Reeves picks, with your edits and any features you want to borrow from the other two.
- Service and estimate requests that send the customer's name, phone, job and office to the right branch.
- Every page built for phones first, with each office's number one tap away.
- Search and AI-assistant setup, so Google and AI tools can read Reeves's services, offices, licenses and answers.
- Clean-up of today's issues: the conflicting dates, swapped phones, staging-host images, broken links and typos.
- Warranty, financing, sewer lining, careers and office sections.
- Launch on your existing domain, reevesplumbing.com.
- First 2 months of support after launch, included: bug fixes, launch help and small corrections.

HOW IT WORKS.

Because the design is already done, Reeves goes straight to choosing and refining.

TIMELINE	About 5 to 6 weeks from approval, once we have your content and access

01 **Choose a direction.** Reeves picks one of the three versions, or a mix.

02 **Fill in the details.** We confirm your founding year, the current owner and legal name, office hours, an email address, the Youngstown, Warren and Akron addresses, your Ohio financing partner, warranty wording and your review source with you.

03 **Refine.** We adjust wording, colors and features until it feels like Reeves.

04 **Connect.** Forms go to your office, and your Google listing is linked.

05 **Launch.** The new site goes live on your domain, checked page by page on phone and desktop.

06 **Support.** The first two months after launch are included. After that, choose Operator Care at $250 a month, or a full handoff of the site, code and domain.

INVESTMENT.

Most customers look at a contractor's website before they call. The new Reeves site is designed to make that look easy: clear services, real proof and a simple way to reach you. One fixed price, no long contract, and you own everything.

ITEM	PRICE
Website design, build and launch (one time). About 12 pages: home, plumbing and drains, heating and cooling, water heaters, sewer lining, four office and service-area pages, about and careers, and contact, with online booking.	$6,000
Launch offer: 10% off, for our first clients only	–$600
Your price	**$5,400**
Support for the first two months after launch (Launch offer)	Included

+ After the first two months: optional Operator Care, or handoff

Care is optional and month to month. If you would rather run the site yourself, we hand over the site, its code and your domain after the first two months. Either way they stay in your name, and hosting and domain are billed at cost in your own accounts.

PLAN	WHAT IT COVERS	MONTHLY
Operator Care	Hosting management, form and uptime checks, fixes and small text updates. No unlimited changes; larger work is quoted first.	$250

If you keep care after the first two months, year one totals $7,900: $5,400 for the site plus $2,500 for ten months of care, with hosting and domain at cost on top. New pages and larger changes are quoted separately.

PAYMENT TERMS	$2,700 to start, $2,700 before launch
VALID UNTIL	November 30, 2026

NEXT STEPS.

01	Click through the three versions and tell us which one feels most like Reeves.
02	Approve this proposal by replying to the email it came with, or by signing below.
03	Send us your founding year, office hours, an email address, the Ohio office addresses, and photos of the crew, trucks, shop and jobs, plus any family or archival photos.

We'll start refining the version you choose as soon as we hear back.
