WEBSITE REDESIGN PROPOSAL

# RIESEN PLUMBING & HEATING. A WEBSITE THAT BOOKS THE JOB.

| PREPARED FOR | PREPARED BY | LIVE PREVIEW |
| --- | --- | --- |
| Riesen Plumbing & Heating, Inc. | Operator | 3 working versions |

01 SUMMARY

## SUMMARY.

Riesen has served Celina and west central Ohio since 1942, across three generations, with an unusually wide set of licenses and a long list of commercial contracts. The current website shows a PHP error on every page, says 'over 75 years', and publishes a technician's personal email.

We have already designed three working versions of a new callriesen.com, built from Riesen's own content. Each one turns visitors into service calls, quotes and commercial bids, makes Riesen easy for Google and AI assistants to recommend, and works on a phone as well as on a computer. You choose the direction that fits, and we take it to launch.

02 WHERE TODAY'S SITE FALLS SHORT

## WHERE TODAY'S SITE FALLS SHORT.

The current site has the right basics, but it loses customers before they call. We reviewed every page. These are the issues that matter most.

| ISSUE | WHAT IT COSTS RIESEN |
|---|---|
| A PHP error message shows on every page. | Every visitor sees a broken site before they see your work. |
| 'For over 75 years' when you've been in business since 1942. | You undersell nine years of history. |
| A technician's personal Gmail is the published email. | It looks unofficial and sends business mail to one person's inbox. |
| The About page still calls North Vine St. the present location. | Customers get mixed signals about where you are. |
| No FAQ, map, structured data or image descriptions, and template icons for trades you don't do. | Google and AI assistants can't read what Riesen does or where, so they recommend someone else. |

03 THREE DIRECTIONS TO CHOOSE FROM

## THREE DIRECTIONS TO CHOOSE FROM.

Each version presents Riesen as a different kind of business, modeled on the best plumbing, heating and mechanical websites in that part of the trade. All three use Riesen's real services, history and contact details, and every one works on a phone. View them side by side here: Riesen website preview.

| VERSION | LEADS WITH | BEST IF RIESEN WANTS TO GROW | KEY FEATURE |
|---|---|---|---|
| 1. Since 1942 | Three generations and four shop signs | Home service and replacement calls | A stack of four shop signs that tell the family history |
| 2. Right-Sized | Comfort that's sized right | HVAC replacements and zoning jobs | A house section that shows why it's loud and why it's hot upstairs |
| 3. License Wall | Licensed for the whole building | Commercial bids and rural water work | A license wall linked to your completed contracts |

You can also mix them. For example, the License Wall can become the commercial page of the Since 1942 site.

04 WHY THE NEW SITE WORKS BETTER

## WHY THE NEW SITE WORKS BETTER.

Every change answers a problem on the current site, and all of it comes with whichever version Riesen picks.

### A Found and recommended by Google and AI assistants

More customers now ask an AI assistant, or read Google's AI answer, before they call anyone: "Who does fire sprinkler and backflow work near Celina, Ohio?" Those tools recommend businesses whose facts they can read and check. The new site is built to be read.

| TODAY | NEW SITE | WHAT IT MEANS FOR RIESEN |
|---|---|---|
| Search tools find a stale year, an error message and no structured data. | One consistent set of facts: services, licenses, hours and location in the structured format search engines and AI tools read. | Google and AI assistants get Riesen's facts directly and accurately. |

| TODAY | NEW SITE | WHAT IT MEANS FOR RIESEN |
|---|---|---|
| No FAQ anywhere on the site. | Plain-English answers to the questions customers ask, from sizing to wells to fire sprinklers. | When someone asks, Riesen has a clear answer ready to be quoted. |
| Your rare licenses and Tempstar Elite status are lines of text. | They lead their own sections and are built into the site's structure. | What sets Riesen apart is what gets surfaced. |

No one can promise a ranking or a mention in an AI answer. What we can do is make Riesen the easiest local mechanical contractor for search engines and AI tools to read, verify and recommend.

## B Easier for customers, and for the office

| TODAY | NEW SITE | WHAT IT MEANS FOR RIESEN |
|---|---|---|
| A basic free-quote form with no way to send plans. | A short request on every version: the job, the town, then name and phone. Each version adapts it to home service, comfort upgrades or commercial bids with plan upload. | Every web lead arrives with what the office needs to call back. |
| Visitors have to know which page their problem belongs on. | Each version starts from the customer's situation: a family company to trust, a comfort problem, or a building to bid. | Customers reach the right service in a tap. |
| Four undated testimonials on their own page. | Testimonials placed where they help, with a Google review link. | More reviews over time, where homeowners look before they call. |

## C Built to a high standard

- **Phone first.** Designed for the phone, then the computer, with call and request always within reach of a thumb.
- **Fast and accessible.** Lightweight pages that load quickly on a weak cell signal, with clear headings and labeled forms that work for every customer and every search tool.
- **Made to last.** Clean, standard code that can grow with Riesen: new services, town pages or seasonal offers.

# WHY OPERATOR.

Most small-business sites are page-builder templates that an agency sets up and leaves. They look dated within a few years, load slowly on phones, and were never built for AI search. Every Operator site is designed and coded for one business. You also see the work before you commit: three working versions already exist.

| WHAT YOU GET | TYPICAL AGENCY TEMPLATE SITE | OPERATOR |
|---|---|---|
| Design | A template shared with other businesses | Designed for Riesen alone |
| Build | A CMS page builder stacked with plugins | Custom code, nothing extra to load |
| Speed | Heavy scripts that drag on a phone | Fast on a weak cell signal |
| AI search | Not considered | Built in from day one |
| Local SEO | Generic page structure | Structured for local search and every service |
| Phones | A desktop layout squeezed down | Designed for the phone first |
| Upkeep | Plugin updates and security patches | No plugins to patch |

- **Custom design.** Built from Riesen's trade, customers and history, with one consistent brand, look and voice on every page.
- **Custom code.** Hand-built, lightweight pages with no page builder and nothing slowing them down.
- **Optimized for AI and AI search.** Structured facts and quotable answers that Google and AI assistants can read, check and recommend.
- **Better SEO and information architecture.** Organized around the customer's problem, with real headings and service content laid out the way search engines read local businesses.
- **Modern UI for 2027 and beyond.** A phone-first interface with the polish customers expect from the apps they use every day.

Waiting has a cost too. Every day the current site shows an error message to everyone who finds it. The new site fixes that from launch day.

# WHAT'S INCLUDED.

- The finished site in the direction Riesen picks, with your edits and any features you want to borrow from the other two.
- Quote and bid forms that send the customer's name, phone, job and plans to your office.
- Every page built for phones first, with the phone number one tap away.
- Search and AI-assistant setup, so Google and AI tools can read Riesen's services, licenses and answers.
- Clean-up of today's issues: the PHP error, stale years, old address, template icons and personal email.
- History, licenses, completed contracts and careers sections.
- Launch on your existing domain, callriesen.com.
- First 2 months of support after launch, included: bug fixes, launch help and small corrections.

# HOW IT WORKS.

Because the design is already done, Riesen goes straight to choosing and refining.

| | |
|---|---|
| TIMELINE | About 4 weeks from approval, once we have your content and access |

| | |
|---|---|
| 01 | **Choose a direction.** Riesen picks one of the three versions, or a mix. |
| 02 | **Fill in the details.** We confirm a business email, the counties you serve, your license numbers, your after-hours policy, your incorporation year and your Google rating with you. |
| 03 | **Refine.** We adjust wording, colors and features until it feels like Riesen. |
| 04 | **Connect.** Forms go to your office, and your Google listing is linked. |
| 05 | **Launch.** The new site goes live on your domain, checked page by page on phone and desktop. |
| 06 | **Support.** The first two months after launch are included. After that, choose Operator Care at $250 a month, or a full handoff of the site, code and domain. |

# INVESTMENT.

Most customers look at a contractor's website before they call. The new Riesen site is designed to make that look easy: clear services, real proof and a simple way to reach you. One fixed price, no long contract, and you own everything.

| ITEM | PRICE |
|---|---|
| Website design, build and launch (one time). About 8 pages: home, heating and cooling, plumbing, wells, septic and water treatment, commercial and licenses, history, careers, and contact. | $4,500 |
| Launch offer: 10% off, for our first clients only | –$450 |
| **Your price** | **$4,050** |
| Support for the first two months after launch (Launch offer) | Included |

## + After the first two months: optional Operator Care, or handoff

Care is optional and month to month. If you would rather run the site yourself, we hand over the site, its code and your domain after the first two months. Either way they stay in your name, and hosting and domain are billed at cost in your own accounts.

| PLAN | WHAT IT COVERS | MONTHLY |
|---|---|---|
| Operator Care | Hosting management, form and uptime checks, fixes and small text updates. No unlimited changes; larger work is quoted first. | $250 |

If you keep care after the first two months, year one totals $6,550: $4,050 for the site plus $2,500 for ten months of care, with hosting and domain at cost on top. New pages and larger changes are quoted separately.

| | |
|---|---|
| PAYMENT TERMS | $2,025 to start, $2,025 before launch |
| VALID UNTIL | November 30, 2026 |

# NEXT STEPS.
