WEBSITE REDESIGN PROPOSAL

RJ PLUMBING & HEATING. A WEBSITE THAT BOOKS THE JOB.

PREPARED FOR	PREPARED BY	LIVE PREVIEW
RJ Plumbing & Heating	Operator	3 working versions

01 SUMMARY

SUMMARY.

RJ Plumbing & Heating is Ray Van Sickle, a Master Plumber whose customers name him in review after review. The new site from the rebrand is a good start, but it leaves out the basics customers look for and buries the real job photos that prove the work.

We have already designed three working versions of a new rjplumbingandheating.net, built from RJ's own content. Each one turns visitors into quote requests and service calls, makes RJ easy for Google and AI assistants to recommend, and works on a phone as well as on a computer. You choose the direction that fits, and we take it to launch.

PREPARED FOR RJ Plumbing & Heating, Fort Collins, CO

02 WHERE TODAY'S SITE FALLS SHORT

WHERE TODAY'S SITE FALLS SHORT.

The current site has the right basics, but it loses customers before they call. We reviewed every page. These are the issues that matter most.

ISSUE	WHAT IT COSTS RJ
No street address, hours or readable email on any page.	Customers who want to check before calling move on to someone else.
The home page and Where We Work list different towns, and one leaves out Fort Collins.	Customers and search engines can't tell where RJ actually works.
Project cards show no images, and the home page uses a file named 'placeholder'.	Your best proof looks unfinished.
The R&J to RJ rebrand isn't explained where customers search.	Four years of reviews under the old name risk not counting for the new one.
No license numbers and no structured data.	Google and AI assistants can't confirm RJ's credentials or area, so they recommend someone else.

03 THREE DIRECTIONS TO CHOOSE FROM

THREE DIRECTIONS TO CHOOSE FROM.

Each version presents RJ as a different kind of business, modeled on the best plumbing and heating websites in that part of the trade. All three use RJ's real services, history and contact details, and every one works on a phone. View them side by side here: RJ website preview.

VERSION	LEADS WITH	BEST IF RJ WANTS TO GROW	KEY FEATURE
1. By Name	One Master Plumber who answers for the work	Service calls and repeat customers	A photo quote note to Ray and a review wall filtered by customers' own words
2. Front Range	From the plains towns to the foothills	Acreage, new construction and heating work	A plains-to-foothills elevation profile with tappable towns
3. Permitted	Done right, permitted and shown	Remodels, tankless and boiler projects	Before-and-after sliders on real jobs and a permit helper

You can also mix them. For example, the Permitted before-and-after sliders can sit on the projects page of the By Name site.

04 WHY THE NEW SITE WORKS BETTER

WHY THE NEW SITE WORKS BETTER.

Every change answers a problem on the current site, and all of it comes with whichever version RJ picks.

A Found and recommended by Google and AI assistants

More customers now ask an AI assistant, or read Google's AI answer, before they call anyone: "Who installs horse waterers near Fort Collins?" Those tools recommend businesses whose facts they can read and check. The new site is built to be read.

TODAY	NEW SITE	WHAT IT MEANS FOR RJ
Search tools find two town lists and no credentials.	One service area, services and credentials in the structured format search engines and AI tools read, with 'formerly R&J Plumbing' carried forward.	Google and AI assistants get RJ's facts directly and accurately.

TODAY	NEW SITE	WHAT IT MEANS FOR RJ
A good FAQ that search tools can't read as answers.	Plain-English answers marked up as FAQs, from Fort Collins permits to tankless conversions to horse waterers.	When someone asks, RJ has a clear answer ready to be quoted.
Your specialties (horse waterers, hydrants, boilers) are a short list.	They lead their own sections and are built into the site's structure.	What sets RJ apart is what gets surfaced.

No one can promise a ranking or a mention in an AI answer. What we can do is make RJ the easiest local plumbing and heating contractor for search engines and AI tools to read, verify and recommend.

B Easier for customers, and for the office

TODAY	NEW SITE	WHAT IT MEANS FOR RJ
A long quote form on its own page.	A short request on every version: the job, the town, photos, then name and phone. Each version adapts it to service calls, acreage work or projects.	Every web lead arrives with what Ray needs to quote.
Visitors have to know which page their problem belongs on.	Each version starts from the customer's situation: a job for Ray, their town or property, or the project they're planning.	Customers reach the right service in a tap.
Twenty reviews in a scrolling widget.	Your best reviews placed where they help, with the Google review link and Review & Refer.	More reviews and referrals over time.

C Built to a high standard

- **Phone first.** Designed for the phone, then the computer, with call and request always within reach of a thumb.
- **Fast and accessible.** Lightweight pages that load quickly on a weak cell signal, with clear headings and labeled forms that work for every customer and every search tool.
- **Made to last.** Clean, standard code that can grow with RJ: new services, town pages or seasonal offers.

WHY OPERATOR.

Most small-business sites are page-builder templates that an agency sets up and leaves. They look dated within a few years, load slowly on phones, and were never built for AI search. Every Operator site is designed and coded for one business. You also see the work before you commit: three working versions already exist.

WHAT YOU GET	TYPICAL AGENCY TEMPLATE SITE	OPERATOR
Design	A template shared with other businesses	Designed for RJ alone
Build	A CMS page builder stacked with plugins	Custom code, nothing extra to load
Speed	Heavy scripts that drag on a phone	Fast on a weak cell signal
AI search	Not considered	Built in from day one
Local SEO	Generic page structure	Structured for local search and every service
Phones	A desktop layout squeezed down	Designed for the phone first
Upkeep	Plugin updates and security patches	No plugins to patch

- **Custom design.** Built from RJ's trade, customers and history, with one consistent brand, look and voice on every page.
- **Custom code.** Hand-built, lightweight pages with no page builder and nothing slowing them down.
- **Optimized for AI and AI search.** Structured facts and quotable answers that Google and AI assistants can read, check and recommend.
- **Better SEO and information architecture.** Organized around the customer's problem, with real headings and service content laid out the way search engines read local businesses.
- **Modern UI for 2027 and beyond.** A phone-first interface with the polish customers expect from the apps they use every day.

Waiting has a cost too. Every day the current site leaves out an address, hours and half your towns, and shows a placeholder where your work should be. The new site fixes that from launch day.

WHAT’S INCLUDED.

- The finished site in the direction RJ picks, with your edits and any features you want to borrow from the other two.
- Quote and service forms with photo upload that send the customer's name, phone and details to your office.
- Every page built for phones first, with the phone number one tap away.
- Search and AI-assistant setup, so Google and AI tools can read RJ's services, area and answers, and connect the R&J name.
- Clean-up of today's issues: the mismatched town lists, image-less project cards and placeholder photo.
- Projects with before-and-after photos, a reviews section linked to Google, and Review & Refer.
- Launch on your existing domain, rjplumbingandheating.net.
- First 2 months of support after launch, included: bug fixes, launch help and small corrections.

HOW IT WORKS.

Because the design is already done, RJ goes straight to choosing and refining.

TIMELINE	About 4 weeks from approval, once we have your content and access

01	**Choose a direction.** RJ picks one of the three versions, or a mix.
02	**Fill in the details.** We confirm whether to show a street address, your hours, email, which license numbers to display, the towns you serve, your Google rating, and the referral reward amounts with you.
03	**Refine.** We adjust wording, colors and features until it feels like RJ.
04	**Connect.** Forms go to your office, and your Google listing is linked.
05	**Launch.** The new site goes live on your domain, checked page by page on phone and desktop.
06	**Support.** The first two months after launch are included. After that, choose Operator Care at $250 a month, or a full handoff of the site, code and domain.

INVESTMENT.

Most customers look at a contractor's website before they call. The new RJ site is designed to make that look easy: clear services, real proof and a simple way to reach you. One fixed price, no long contract, and you own everything.

ITEM	PRICE
Website design, build and launch (one time). About 8 pages: home, service and repair, tankless and boilers, new construction and remodels, ranch and acreage, projects, reviews, and contact.	$4,500
Launch offer: 10% off, for our first clients only	–$450
Your price	**$4,050**
Support for the first two months after launch (Launch offer)	Included

+ After the first two months: optional Operator Care, or handoff

Care is optional and month to month. If you would rather run the site yourself, we hand over the site, its code and your domain after the first two months. Either way they stay in your name, and hosting and domain are billed at cost in your own accounts.

PLAN	WHAT IT COVERS	MONTHLY
Operator Care	Hosting management, form and uptime checks, fixes and small text updates. No unlimited changes; larger work is quoted first.	$250

If you keep care after the first two months, year one totals $6,550: $4,050 for the site plus $2,500 for ten months of care, with hosting and domain at cost on top. New pages and larger changes are quoted separately.

PAYMENT TERMS	$2,025 to start, $2,025 before launch
VALID UNTIL	November 30, 2026

NEXT STEPS.

01 Click through the three versions and tell us which one feels most like RJ.

02 Approve this proposal by replying to the email it came with, or by signing below.

03 Send us your hours, preferred email, the license numbers you want shown, your full town list, and any new job photos you like.

We'll start refining the version you choose as soon as we hear back.
